About ASIS

The Australian Secret Intelligence Service (ASIS) is Australia's overseas intelligence collection agency. We are Australia's experts at collecting highly sensitive information – secret intelligence – from sources overseas to keep Australia and our region safe and prosperous.

Our work spans continents and cultures. As a tech-powered and data-driven organisation, we use covert techniques and cutting-edge technology to put us in the right rooms, next to the right people, with the right access to the intelligence we need. We are tasked to collect intelligence – it might be political, military or economic information – deliberately withheld from the Australian Government that might present threats to or opportunities for Australia.

From graduates to career changers, we come from every corner of the country and all walks of life, with backgrounds from all around the world.

Regardless of our ethnicity, experiences and education, we're bound by a shared commitment to something bigger: building a better future for those who come after us. We seek to reflect the community we serve, and welcome applications from Aboriginal and Torres Strait Islander peoples, women, people with a disability, neurodiverse, people from culturally and linguistically diverse backgrounds and those who identify as LGBTQIA+.

It's a mission owned by everyone, with opportunities for all.

The role

Our ICT Service Desk team are dedicated to delivering exceptional services to our stakeholders and ensuring their technology needs are met efficiently and effectively. You will be a key resource supporting the corporate desktop environment using your initiative to provide quality customer service for problem solving, advice and support.

You will handle all aspects of the IT equipment lifecycle, from initial configuration and installation to ongoing support, maintenance, upgrades, and eventual decommissioning.

The work is dynamic with phone, in person and onsite support for customers and includes opportunities to work directly with technical specialist teams on resolving complex issues, performing upgrades and delivering projects. These experiences will grow your skill set creating pathways to build a successful IT career.

Role responsibilities

Outlined below are the key areas of responsibility for ICT Service Desk:

- Respond to customer inquiries via phone, email, or chat in a professional and timely manner
- Diagnose and troubleshoot technical issues related to hardware, software, and network connectivity
- Provide step-by-step guidance to customers on resolving technical problems
- Collaborate with our technical support team to escalate and prioritize complex issues
- Maintain accurate records of customer interactions, issues, and resolutions in our ticketing system
- Assist in customer onboarding and training on our ICT solutions
- Proactively identify opportunities for improving customer satisfaction and service quality

Core skills

While there are no mandatory requirements for these roles, a blend of the following skills and experiences will be highly regarded:

- Demonstrated customer service experience
- A positive attitude towards learning and applying new skills
- A positive approach when finding solutions for complex issues
- Ability to prioritise to meet operational requirements
- Excellent written communication skills for documenting issues and processes
- Experience in desktop support, incident or problem management
- Knowledge of, or certification in, IT Service Management certification (ITIL)
- Ability to work independently
- Ability to follow documented processes
- Proficiency in using service delivery tools to manage tasks and track progress

Education and qualification requirements

Application Levels

A Level 4 candidate would hold a keen interest in ICT with a willingness to learn under guidance and supervision.

A candidate at Level 5 would be expected to have one to two years real work experience and will be working under some supervision.

A Level 6 candidate would be expected to have four or more years' experience and operate with limited supervision from a senior officer.

Benefits of working at ASIS

ASIS employees enjoy access to generous workplace terms and conditions. Benefits include but are not limited to:

- Competitive salary plus 15.4% superannuation
- A variety of leave options including 22 days paid annual leave per year
- Cultural, ceremonial and NAIDOC leave
- Paid leave between Christmas and New Year
- Domestic Relocation assistance for new staff to Canberra
