2021 Technologist Campaign

Project Support - Level 4

Senior Project Support – Level 5

Project Manager – Level 6

ASIS is Australia's overseas secret intelligence collection agency. Its mission is to protect and promote Australia's vital interests through the provision of intelligence services as directed by the Australian Government. Its work can involve collecting intelligence relating to national security, international relations and economic issues. It also contributes to Australia's coordinated national efforts against terrorism, proliferation of weapons of mass destruction, and trans-national issues such as people smuggling.

ASIS employs people in a wide range of roles, including technologists in the fields of engineering (infrastructure, electronic, systems), data science and data engineering, cyber specialists, solution architecture, database administrators, IT support, network specialist, software development, project management / project support, procurement and business analysis. These roles require dynamic team players who enjoy working with stakeholders, team members and individually on projects. ASIS is looking for technologists who will be able to meet tight deadlines and work to support ASIS priorities. Successful candidates will have excellent coordination and administration skills, excellent verbal and written communication skills; and, strong stakeholder engagement and influencing skills. Relevant tertiary qualifications will be highly regarded.

ASIS values workplace diversity and is committed to providing a supportive inclusive and respectful work environment. We encourage applications from Aboriginal and Torres Strait Islander People, women, people with disabilities, people that identify as LGBTIQ+ and people from culturally and linguistically diverse backgrounds.

These positions are Canberra based, with conditions of service similar to those in the Australian Public Service, including superannuation. The successful candidate will be required to obtain and maintain the highest level security clearance and Australian citizenship.

In addition to current vacancies, successful applicants through this process will be placed in a merit pool which may be utilised to fill future vacancies over the next 12 months.

Role:

Project Manager / Project Support roles are responsible for the management of complex Information and Communications Technology (ICT), engineering and security projects. You will manage (or provide support to) multiple projects and day-to-day operations of resourcing, scheduling, prioritisation and task coordination, and meeting project milestones, objectives and deliverables within agreed timeframes and budgets.

Core Skills / Education, qualification and experience requirements

- Demonstrable experience as the Project Manager or Project Support of complex projects in the fields of Information and Communications Technology (ICT), engineering and security.
 - Your past experience will demonstrate an appropriate level of competencies to the role applied for (across day-to-day operations such as scope, time, cost, and quality management, human resources, risk management, communications, procurement and integration).
 - Demonstrable experience as a project manager or as part of a procurement team in working with vendors to deliver capability.
 - Qualification and experience in Prince2 and MSP will be highly regarded.
 - Industry certification in project management (eg. AIPM CPPM or PMI PMP) is highly desirable.
-

Capabilities:

Candidates are not required to provide a separate written response to the ILS capabilities (below); however, candidates are encouraged to consider the capabilities in preparing their application, as each candidate will be assessed on their ability to demonstrate behaviours aligned to the capabilities for the position. For more information on the ILS, tips on applying for jobs in the Public Service, go to the APSC website found at www.apsc.gov.au.
